

VERNON IS NAMED SCHOOL DIRECTOR

No Opposition to Banker as Member of Board of Education Devel.

ONLY LIGHT VOTE REGISTERED

Total of 215 Men and 23 Women Voted—Official Canvass to Be Held.

As anticipated, no opposition to the candidacy of J. L. Vernon, president of the People's National and German Trust & Savings banks, for member of the board of education, developed at the school election held yesterday. Mr. Vernon opposed Dr. R. M. Pearson, whose term expired this year and who refused to longer serve.

The vote cast was unusually light, very little interest being taken in the balloting, only 215 men and 23 women taking the trouble to visit the polls in the four districts.

Vote Cast.

The city commission met and official canvassed the results. Mr. Vernon received the following vote:

Men: Women:

District 1 85 6

District 2 134 21

District 3 4 4

District 4 19 3

Total 215 23

In the third precinct C. R. Chamberlain and Steve Barker each received one vote.

Mr. Vernon is in every way qualified for service on the board of education. He is greatly interested in the school system and will be in a position to render valuable aid in the direction of the school affairs of the city.

Editor Hawkeye Dies.

Burlington, Iowa, June 29.—William Henry Davidson, managing editor of the Hawkeye, died at his home last evening, after an illness that began last August. He was born Oct. 28, 1832, at Leavenworth, Ill. He had been connected with the Hawkeye since 1899.

WHY DINING CAR CHEFS PREFER

KC BAKING POWDER

Those who have had cakes ruined by jarring the stove, slamming the oven door or a heavy footstep, may have wondered how the dining car chef can turn out such marvelous biscuits, hot breads and pastry when his oven is being incessantly jarred and jolted and shaken by the motion of the train.

To get pastry to raise and stay raised under these conditions, a baking powder must be used that continues to give off its leavening gas—that sustains the raise—until the dough is baked through.

Dining Car Chefs have found a baking powder exactly suited to their needs in K. C. and you will find it just as well suited to your requirements. K. C. is really a blend of two baking powders, one active as soon as moistened, the other requiring both moisture and heat to start the generation of leavening gas. No matter how moist and rich you make your cake, K. C. Baking Powder will sustain the raise until a crust is formed and all danger of falling is past.

K. C. Baking Powder is pure and healthful. It is guaranteed under all pure food laws, and is guaranteed to please you. And it is sold at a reasonable price—no baking powder should sell for more.

Try a can at our risk and be convinced.

Switzerland in America

Glacier National Park

Now that Switzerland is closed to the tourist world, Glacier National Park in Northwestern Montana becomes the mecca of those who love the rugged mountain scenery and outdoor life. I know of no other spot in all the world that is in any way similar to Glacier National Park. It offers the vacation seeker, weary of the sameness in ocean or land travel or the monotony of the seashore or mountains, a distinctive outing unrivaled.

Imagine the fascination of an auto-stage, horseback or walking tour of this American Alps country, stopping at magnificent tourist hotels, attractive chalets or tepee camps, as your fancy dictates. There's nothing like it. It is inexpensive, too!

Get the Burlington's Glacier Park folder today and look it over.

ELECTED MEMBER OF THE SCHOOL BOARD

J. L. Vernon.

LOCAL BANK WILL HAVE A BIRTHDAY

Twenty-fifth Anniversary of Opening of Rock Island Savings Bank Observed.

Tomorrow marks the 25th anniversary of the founding of the Rock Island Savings bank. The institution was opened July 1, 1890, and moved into its present fine home, Nov. 24, 1911.

The bank has a capital stock of \$200,000 and \$100,000 surplus. Deposits amount to \$2,929,660.30.

The officers of the bank are:

President—H. S. Cable.

Vice Presidents—H. P. Hull, P. Greenawalt.

Cashier—A. J. Lindstrom.

Assistant Cashiers—W. A. Johnston, I. J. Green.

The main building on which the stars and stripes flag above the Panama-Pacific exposition is 251 feet long. It is a single piece of wood from the timber western forests. The feet of the length is imbedded in concrete at the base. It was a Douglas fir which grew near Astoria.

MAIL CARRIERS IN THE SOUTH SIDE

Postal Free Delivery to Be Extended Into New Territory, Starting Tomorrow.

WHAT THE REQUIREMENTS ARE

Private Receptacles Must Be Provided If You Want Uncle Sam's Man to Stop.

The Rock Island postoffice will inaugurate free delivery service in certain districts in the new south side territory tomorrow, covering all the strips that have been annexed to the city and extending to Twenty-fifth avenue and west of Twelfth street in the Sears territory. Later on it is proposed to extend the carrier system to Rock river. In the meantime the improved postal facilities resulting from the establishment of Sears Station as a branch of the Rock Island postoffice, will accommodate the people in that immediate neighborhood.

"I am confident the people in the new territory wherein it is proposed to establish free delivery will see to it that mail receptacles conveniently located are provided, or that a slot is cut in the door for the placing of mail, as the department orders contemplate," said Postmaster Simpson this morning. "The fact that the department has laid particular stress on this requisite indicates a realization of the importance of this provision, and it applies not only in the new territory, but to Rock Island in general. It is pleasing to note that within the old boundaries in Rock Island fully 80 per cent of the people served by the postoffice have complied with the regulations in this respect. I have conducted two campaigns in hopes of having all houses provided with private mail boxes, with most gratifying results, and there are some carrier routes in which there is not a house not so provided. Scattered over the city are householders, however, who have failed to comply with the regulations, and in all such instances, strictly speaking, a postmaster would be justified in ceasing the delivery of mail, but there is no desire to appear arbitrary even in the slightest degree, for I know the people are reasonable, and am confident that it will not be long until all houses in Rock Island and the new territory are provided with boxes. On the south side, the old rural carrier boxes will be acceptable, if conveniently located.

Rule For Good of Service.

"The rule which requires the placing of mail receptacles is formulated, as in every part of the postal laws and regulations, with one object in view, and that is—service. The end and aim of the postoffice department is to serve the people, for the postal system, comprising the highest business in the world, belongs to the people, and is conducted solely for their convenience and benefit, so that all rules laid down, either for the government of employees, or for the handling of mails, have for their purpose efficiency in serving the people. The requirements as to sidewalks and crossings being laid wherever mail is delivered, and that the houses be numbered, and private mail receptacles be installed, are all for the purpose of getting the mail man to your door quicker. The fewer the obstacles placed in the way of the carrier, the more rapidly he will move, and it is to expedite his movements in the interest of the patrons of the service that the department lays down certain stipulations and insists upon them. It is obvious, therefore, that where houses are plainly numbered and the carrier has good walks, and is not delayed when he delivers mail, he will reach you just that much earlier, and that is what you want. What applies to you is true of every householder, and it is on this account that I know I will have the prompt cooperation of all patrons of the postoffice in the strict enforcement of the regulations."

Theater

MAJESTIC.

Wednesday—William Elliott in "When We Were Twenty-One."

Thursday—Francis X. Bushman and Beverly Bayne in "Graustark."

Friday—World feature "Fine Featherers."

Saturday—"Woman's Resurrection."

Sunday—Orrin Johnson and Olive Wyndham in "Lighting Bob."

Saturday—"The Girl of the Music Hall;" "Two and Two," comedy.

The movement for a coalition government for the commonwealth of Australia until the end of the war appears to be growing in strength. Both the Age (Radical) and the Argus (Liberal) urge the gravity of the situation and demand a real sinking of party politics in the national arena.

Twenty-Five Years

Opened For Business July 1, 1890

Moved Into This New Building Nov. 24 1911

July 1st, 1915, marks the twenty-fifth anniversary of the opening of Rock Island Savings Bank. During these twenty-five years this Bank has been a leading factor in the success of many citizens of Rock Island and community. It has made it possible for the small saver to start and to continue in his efforts to become financially independent. It has cared for the idle funds of the more prosperous and has a personal interest in every one of its 7,500 customers. That its conservative, yet helpful, policy is appreciated is evidenced by the following:

VISITING DOCTORS TO PRESENT TALKS HERE

The annual meeting of the Iowa and Illinois Central District Medical association will be held at the Outing club, Davenport, July 8, opening at 2 o'clock in the afternoon. The following program has been arranged: Address of the president—F. H. Gardner, Moline.

"Abdominal Pain, With Special Reference to High Blood Pressure"—L. D. Harding, East Moline.

"Lessening the Risk for the Surgical Patient"—H. M. Decker, Davenport.

"Source of Infection and Prognosis in Tuberculosis Infants"—R. P. Carney, Davenport.

"Traumatism as a Physiological Factor in Pulmonary Tuberculosis"—J. W. Pettit, Ottawa.

"Surgical Limitations in the Treatment of Pelvic Inflammations"—Palmer Findley, Omaha.

"The Course of Thyrotoxicosis"—H. S. Plummer, Rochester.

"The Recognition and Treatment of Certain Irregularities of the Heart"—J. B. Herrick, Chicago.

Notice.

Proposals for the general construction of a school building to be erected on the corner of Twelfth street and Tenth avenue, Rock Island, Ill., and also proposals for the plumbing, heating and electric wiring will be received up to 5 p. m., July 5, 1915, by the architect, Olof Z. Cervin, Safety building, Rock Island, Ill.

Certified check shall accompany each bid as follows: General construction, \$500; plumbing, \$150; heating, \$150; electric wiring, \$75. Checks shall be made payable to H. H. Cleveland, president of the board of education. Plans may be had in the office of the architect.

Right is reserved to reject any or all bids.—(Adv.)

There is a market for fountain pens in Costa Rica.

RESINOL BEGINS TO HEAL SICK SKINS AT ONCE

You don't have to WONDER if Resinol Ointment is doing you good. You KNOW it is, because the first application stops the itching and your tortured skin feels cool and comfortable at last.

Why don't YOU try this easy Resinol way to heal eczema or similar skin eruptions? Resinol clears away pimples, too, and is a valuable household remedy for cuts, sores, burns, chafings, etc. It has been prescribed by doctors for 20 years and contains nothing to injure the tenderest skin. Sold by all druggists.

HOW TO KEEP BABY'S SKIN WELL.

The regular use of Resinol Soap is usually enough to prevent those distressing rashes and chafings to which most babies are subject. This is so, first, because Resinol Soap is absolutely pure and free from harsh alkali, and second, because it contains the Resinol medication, on which so many physicians rely for skin troubles.

ROCK ISLAND CLUB ENTERS FLY FIGHT

The Rock Island club entered the fight for the extermination of flies, when the board of directors at a meeting held at 5 o'clock yesterday afternoon appointed a committee of three to represent the club in the fly campaign.

Those named are Dr. H. C. First, H. D. Mack and J. J. Burgess. The club will also take active part in the 365-day road club, and C. E. Sharpe, president, was empowered by the board of directors to name a committee for this organization within the near future. The next meeting of the directors will be held during the middle of July.

All the news all the time—The Argus.

Why Millions Stopped Bottled Milk

The vast army of women who have quit the old fashioned way of buying milk in bottles is composed of the most careful, up-to-date and discriminating housewives in the country. They have found that

Libby's Milk

is so infinitely superior in every way that there is simply no comparison. It is pure, healthful, economical and convenient. They know that it is pure, rich milk from sanitary dairies, made over twice as rich by evaporation and sterilized. They know that it is perfectly adapted for every purpose for which they previously used ordinary bottled milk or cream and many times as convenient.

Try Libby's for just one week yourself—you'll never go back to bottled milk again.

"Let your grocer be your million."
